Syllabus to be covered
Skin and its types
different classes of skin types.
special treatment of different types of skin,acne & open pores etc.
Different types of facial, cosmetics used, equipments needed for facial and its effects.
Effect of facial
Precaution to be taken during facial treatment & reminder
Home treatment for maintaining good skin.
Sterilization of impliments used in facial.
Different types of facial masks used.
Different manipulation & procedure used in facial treatment.
Make up introduction.
Structure of face in term of bone formation.
Write types of skin for makeup & names of make up.
Corrective make up techniques.
Steps of makeup procedure.
Different types of make-up stage make up,tv makeup,open air,theater & morning evening makeup model makeup,photographic ,bridal make up
Precaution to be taken to prevent cosmetic allergies
Body massage introduction ,Basic knowledge about muscle
State & explain effects of each manipulation of thebody massage technique
frequency of body massage , treatment of light aliments bybody massage
use of vibro massager,advantages of body massage
body polishing introduction ,body polishing
material & equipment required for body polishing
different techniques of body polishing,frequency of body polishing
different types of body polishing
benefits of body polishing
precaution of body polishing
electric & light therapy introduction
high frequecny current
use of vibro massager
use of electrical oil heater,

steamer or vaporizer

use of epilating unit

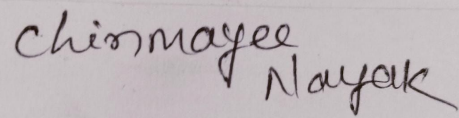

importance of faradic current ,galvanic current & black head removal machine in respect of beauty treatment

use of ozone & vapour in respect of beauty treatment
--

light therapy

production of light rays: ultra violet rays ,infrared rays,visible light
